1. Każdy z uczniów dostaje arkusz z produktami spożywczymi. Uczniowie rzucają kostką. Trwa rzut pierwszego z uczniów. Ilość oczek wskazuje, ile słów, kojarzących się z danym produktem, należy powiedzieć. Reszta grupy zgaduje, który z produktów jest opisywany. Gdy dzieciom uda się poprawnie rozwiązać zagadkę, wszyscy kolorują dany produkt. Zabawa odbywa się zgodnie z ruchem wskazówek zegara.

Na tablicy można napisać hasła pomocnicze "It is..." (red/white/in the fridge/a snack/a vegetable). Do zabawy można dodać element rywalizacji. Uczeń, który zgadnie, o jakim produkcie była mowa, otrzymuje punkty. Ilość punktów może być odwrotnością ilości wypowiedzianych słów.

Gdy było podane tylko 1 słowo - 6 pkt, 2 słowa - 5 pkt itd.

2. Każdy z uczniów dostaje listę zakupów (10 wzorów). Uczeń wycina (pokolorowane wcześniej) i nakleja na wózek produkty ze swojej listy + dopisuje dwa własne. Następnie każdy z uczniów opisuje swój koszyk. "I am buying..."/"I buy..."

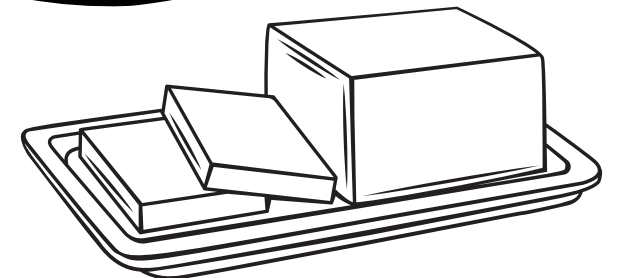

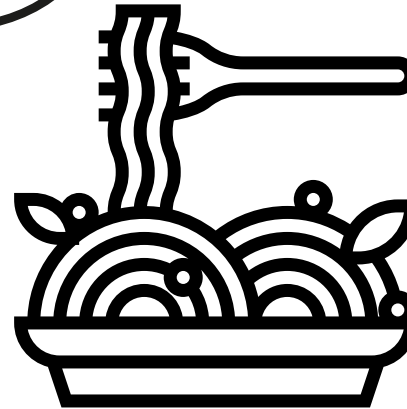

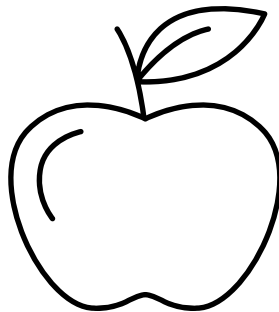

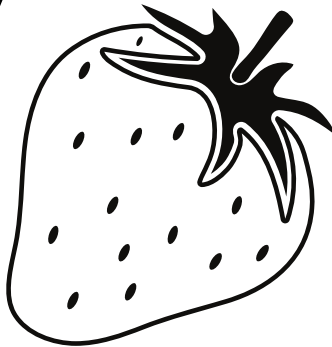

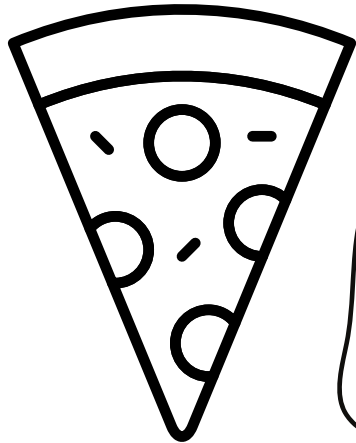

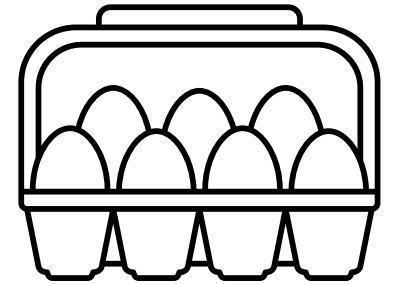

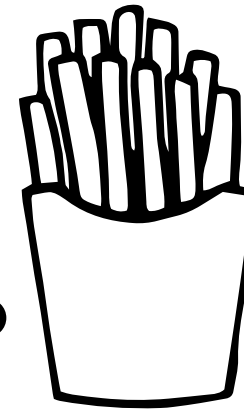

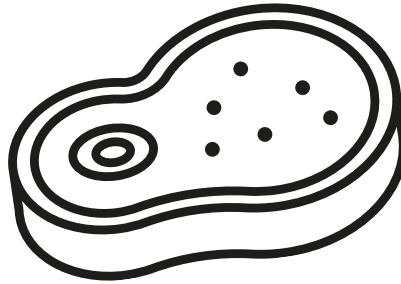

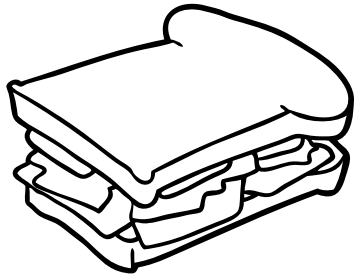

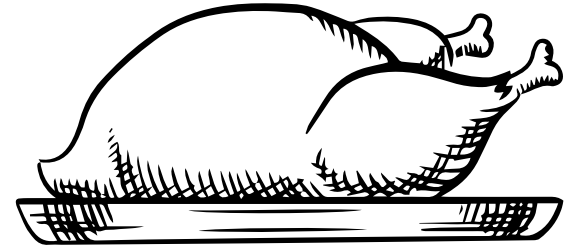

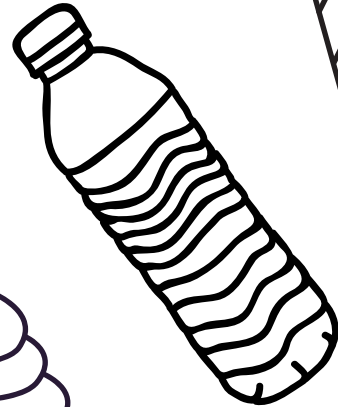

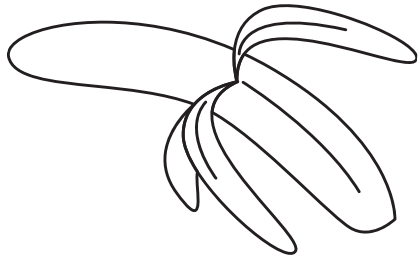

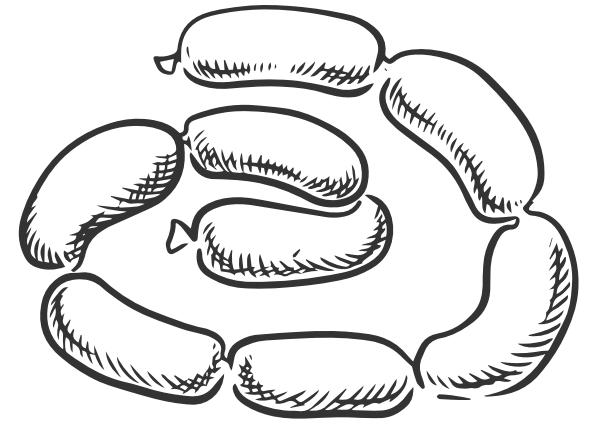

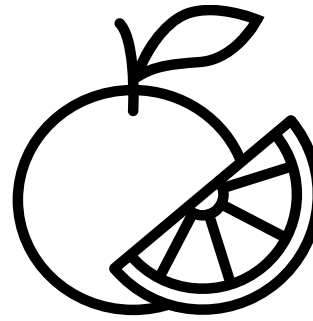

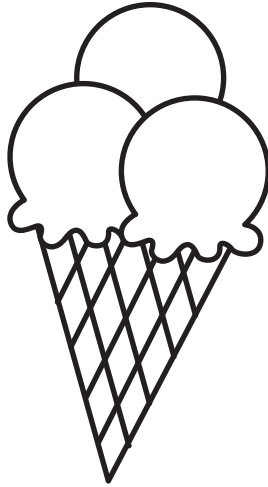

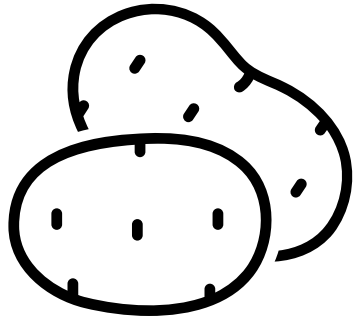

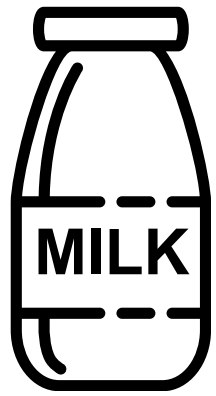

3. Jaki produkt kryje się za zasłonką? Nazwij go i powiedz, czy lubisz go jeść. Obok produktu narysuj jedną z trzech emotek: :) :(:/

4. Połącz obrazek ze słowem

5. Narysuj ulubione dania

PRZYBORY : KREDKI, KLEJ, NOŻYCZKI, DŁUGOPIS/OŁÓWEK
